

Enrollment- Mr. Mendez mentioned registration on hold is due to missing immunization records, proof of residency or birth certificates. Once those items have been uploaded and approved, those numbers will be moved to the total enrolled column. He talked about the reasons why PreK enrollment is low, is due to parents not being comfortable with starting their kids virtually or because of concerns with COVID-19.

Misc.- Mr. Palmer indicated Convocation & Orientation will be held virtually. There were graduation concerns on possibly having low attendance, we had 61 of 80 students that were able to attend. Graduates were allowed to walk to receive their diploma from Mr. Meaney, move their tassel and allowed families to take pictures.

Facilities/Construction Update

Mr. Lopez mentioned the library and playground area is finally complete and is ready to use when students return. If any of the board members would like a tour, please contact Mr. Lopez. He provided an update for 9th and Van Brunt soccer field to take effect September 1.

Old Business

None

New Business

Mr. Palmer spoke with Mr. Meaney and Ryan Marrs with regards to sports. If students do not attend physically at the school, the student cannot participate in sports. ***(MSHSA has since changed their stance on this. Practices have started at the high school for soccer, volleyball, and cross country).***
